# Scientific Schedule

**17th**  
**JANUARY**  
**2020**

07:00	Registration	12:10	Evaluation of a patient with failed instability procedure (how do I do it)
07:30	<b>Superior Capsular Reconstruction (SCR) Workshop</b> <i>[supported by Arthrex]</i>	12:20	Management of failed soft tissue procedure
08:30 - 09:45	<b>Session 1 - Shoulder Instability</b>	12:30	Nightmare of failed latarjet - finding your way out
08:30	First time dislocator - investigations. Who/when/why?	12:40	Case discussions (to include recurrent and failed instability)
08:40	First time dislocator - to operate or not to operate	13:00 - 13:45	<b>Session 5 - Live Surgery</b>
08:50	Collateral damage with a shoulder dislocation (to include glenoid rim fractures, GT fracture, cuff tear)	13:45 - 14:30	LUNCH
09:00	SLAP tear (fact or fiction)	14:30 - 15:45	<b>Session 6 - Rotator Cuff</b>
09:10	Assessment and management of atraumatic instability	14:30	Painful cuff (gym, needle or knife)
09:20	Case discussions	14:40	Rotator cuff repair (improving success)
09:45 - 11:15	<b>Session 2 - Recurrent Instability</b>	14:50	Irreparable cuff tear - does it exist? How to deal with it?
09:45	Recurrent instability - my approach to decision making	15:00	Subscapularis tears - evaluation and management
09:55	Addressing bone loss in recurrent anterior instability	15:10	Case discussions (to include small painful tear, large painless tear, massive tear)
10:05	Latarjet or ICBG	15:45 - 16:30	<b>Session 7 - Live Surgery</b>
10:15	Arthroscopic anterior stabilisation (tips to improve your chances of success)	16:30 - 18:00	<b>Session 8 - Failed Cuff Surgery</b>
10:20	Arthroscopic posterior stabilisation (tips to improve your chances of success)	16:30	Why do cuff repairs fail?
10:25	Open latarjet - tips and tricks	16:40	Management of failed cuff repair
10:35	Arthroscopic latarjet - is it worth learning?	16:50	Augmentation/patches in cuff repair
10:45	Missed posterior dislocation - diagnosis and management	17:00	Superior capsular reconstruction (new kid on the block)
10:55	Case discussions	17:10	Tendon transfers for failed/irreparable posterolateral cuff tears
11:15 - 12:00	<b>Session 3 - Live Surgery</b>	17:20	Tendon transfers for failed/irreparable subscapularis tear
12:00 - 13:00	<b>Session 4 - Failed Instability Surgery</b>	17:30	Case discussions (to include young patient with irreparable or failed cuff, older patient with massive cuff tear and no arthritis)
12:00	Why does instability surgery fail?	18:00 - 19:00	<b>Session 9 - Live Surgery</b>
		19:30 onwards	DINNER

# 18th JANUARY 2020

## 07:30 **Shoulder Arthroplasty Workshop** *[supported by Evolutis]*

## 08:30 - 10:30 **Session 10 - Trauma**

08:30	Clavicle - to fix or not to fix?
08:40	Clavicle malunion - does it matter?
08:50	AC joint dislocation - my approach
09:00	Proximal humerus fracture - decision making
09:10	Percutaneous fixation of proximal humerus fractures (tips and tricks)
09:20	Proximal humerus plating - pitfalls and how to avoid them
09:30	Scapular fractures - principles of management
09:40	Fractures of the glenoid - addressing the challenge
09:50	Case discussions

## 10:30 - 11:15 **Session 11 - Live Surgery**

## 11:15 - 12:15 **Session 12 - Neglected Trauma**

11:15	Proximal humerus - malunion/nonunion (evaluation and management)
11:25	Failed fixation proximal humerus fracture
11:35	Missed dislocation of the shoulder
11:45	Case discussions

## 12:15 - 13:00 **Session 13 - Live surgery**

## 13:00 - 13:30 **LUNCH**

## 13:30 - 14:00 **Session 14 - Keynote Lecture by Jaap Willems**

13:30	Shoulder arthroplasty - past, present and future
-------	--

## 14:00 - 15:20 **Session 15 - Arthroplasty**

14:00	Non operative treatment of shoulder arthritis
14:10	Decision making in shoulder arthroplasty
14:20	Tips and tricks for a successful total shoulder arthroplasty
14:30	Stemless, short stem, long stem - does size matter?
14:40	Glenoid - the weakest link?
14:50	Reverse replacement - biomechanic concepts - centre of rotation, lateral offset, what does it all mean and is it important?
15:00	Tips and tricks for a successful reverse arthroplasty
15:10	Arthroplasty for fracture proximal humerus

## 15:20 - 16:00 **Session 16 - Live Surgery**

## 16:00 - 17:30 **Session 17 - Arthroplasty**

16:00	Managing glenoid bone loss
16:10	Arthritis in the young patient
16:20	How long will my shoulder replacement last?
16:30	Is reverse arthroplasty on its own for everyone? Improving rotations
16:40	The painful arthroplasty
16:50	Infection in arthroplasty
17:00	Instability in reverse arthroplasty - prevention and management
17:10	Case discussions

## 17:30 onwards **HIGH TEA**

# Course Crew

## Patrons

Kanchan Bhattacharyya

Debasis Chatterjee

Gaur Gautam Kar

Vikash Kapoor

Chair, Scientific Committee  
Kapil Kumar

Vice-chair, Scientific Committee  
M. N. Basu Mallick

Organising Chairman  
Swarnendu Samanta

Organising Secretary  
Sunit Hazra

Surgery Convenor  
Abheek Kar

Jt. Organising Secretary  
Neeraj Dugar

Workshop Convenor  
Ananda Mandal

Treasurer  
Rajeev Raman

Workshop Convenor  
Biplab Dolui

# Registration Tariff

	till 31/12/19	till spot
<b>Residential Package I</b> Twin Sharing (1Night)	INR 10,000	INR 14,000
<b>Residential Package II</b> Twin Sharing (2 Nights)	INR 13,000	INR 16,000
<b>Non-residential Package</b>	INR 8,000	INR 10,000

\* For single occupancy, INR 4000 extra

\*\*Pay by cash or cheque to **KASS** or register online at [www.kasscourse.com](http://www.kasscourse.com)

# Shoulder Masters

**Jaap Willems** (Netherlands)  
Orthopaedic Surgeon  
Shoulder & Elbow Unit  
De Lairesse Clinic  
Amsterdam

**Amit Modi** (UK)  
Orthopaedic Surgeon  
Leicester Hospital, Leicester

**Kapil Kumar** (UK)  
Orthopaedic Surgeon  
Aberdeen Royal Infirmary &  
Woodend Hospital, Aberdeen

**Julie McBirnie** (UK)  
Orthopaedic Surgeon  
NHS National Services, Scotland

... and many elite National Speakers
